

2017–2021 Statewide Transportation Improvement Program

This is your opportunity to comment on Montana's transportation projects

The draft 2017–2021 Statewide Transportation Improvement Program (STIP) is now available for public comment. The STIP is a list of projects planned for Montana for the next five federal fiscal years. It includes aeronautic, railway, highway, public transportation, and Federal Lands Highway Program projects.

Each year MDT receives many helpful comments and innovative ideas from the public on transportation-related issues. These comments are considered in the department's decision-making processes. MDT encourages comments on this or anytime throughout the year as various transportation issues arise, but comments must be received by **May 19, 2017** to be considered in the final STIP document.

The list in this issue of *Newsline* includes projects that will be awarded for construction during the timeframe of this STIP. Projects exceeding more than \$100,000 are shown on the map insert and can be accessed on the commenting app below.

View MDT's entire proposed transportation program at: www.mdt.mt.gov/pubinvolv/active_projects.shtml, or request a hard copy by writing to the MDT Project Analysis Bureau or by calling one of the numbers listed on the back page. Copies are also available at Montana public libraries.

Interactive Web Map Available

To access the MDT interactive STIP Web map, scan the QR Code on the right.

Commenting on Other Projects:

Throughout the year, MDT submits additional projects as amendments to the STIP for Transportation Commission approval. To view the list of highway projects MDT plans to present at the next Transportation Commission meeting, go to http://www.mdt.mt.gov/pubinvolv/docs/trans_comm/proposed_proj.pdf. The STIP webpage is <http://www.mdt.mt.gov/pubinvolv/stip.shtml>.

If you prefer to receive the list by mail, call us toll-free at 1-800-714-7296 or TTY at 1-406-444-7696.

Comments may also be mailed to the following address or e-mail them to mdtnewprojects@mt.gov.

Draft TranPlanMT Soon to be Released for Public Review and Comment

Over the past year, the Montana Department of Transportation has been seeking and considering public input, analyzing data, and identifying emerging trends as a basis to update the state's long range multimodal transportation policy plan. The draft update will soon be available for public review and comment.

TranPlanMT, the update of TranPlan 21, defines the policy direction for operating, preserving, and improving Montana's transportation system over the next 20 years. It serves as the guiding document for MDT decisions, especially those related to investing Montana's limited transportation funds.

MDT, partnering with DOWL, has updated policy goals in five

areas: safety, system preservation and maintenance, mobility and economic vitality, accessibility and connectivity, environmental stewardship, and business operations and management. Each goal area identifies supporting strategies.

Unlike the STIP, TranPlanMT is not project specific, but sets a policy framework for ongoing department decisions to move Montana forward together. For more information about TranPlanMT and to know when the draft is available for review, go to <http://www.mdt.mt.gov/tranplan>.

For questions regarding MDT's TranPlanMT effort, contact Charity Watt at cwatt@mt.gov or (406) 444-3439.
